QUANTUM_birth

An award-winning, globe-travelling creation emerging from deep curiosity for the unknown.

A living sculpture that captures the moment of becoming - raw, intimate, and strangely unfamiliar.

A first encounter with life unfolding itself.

QUARK

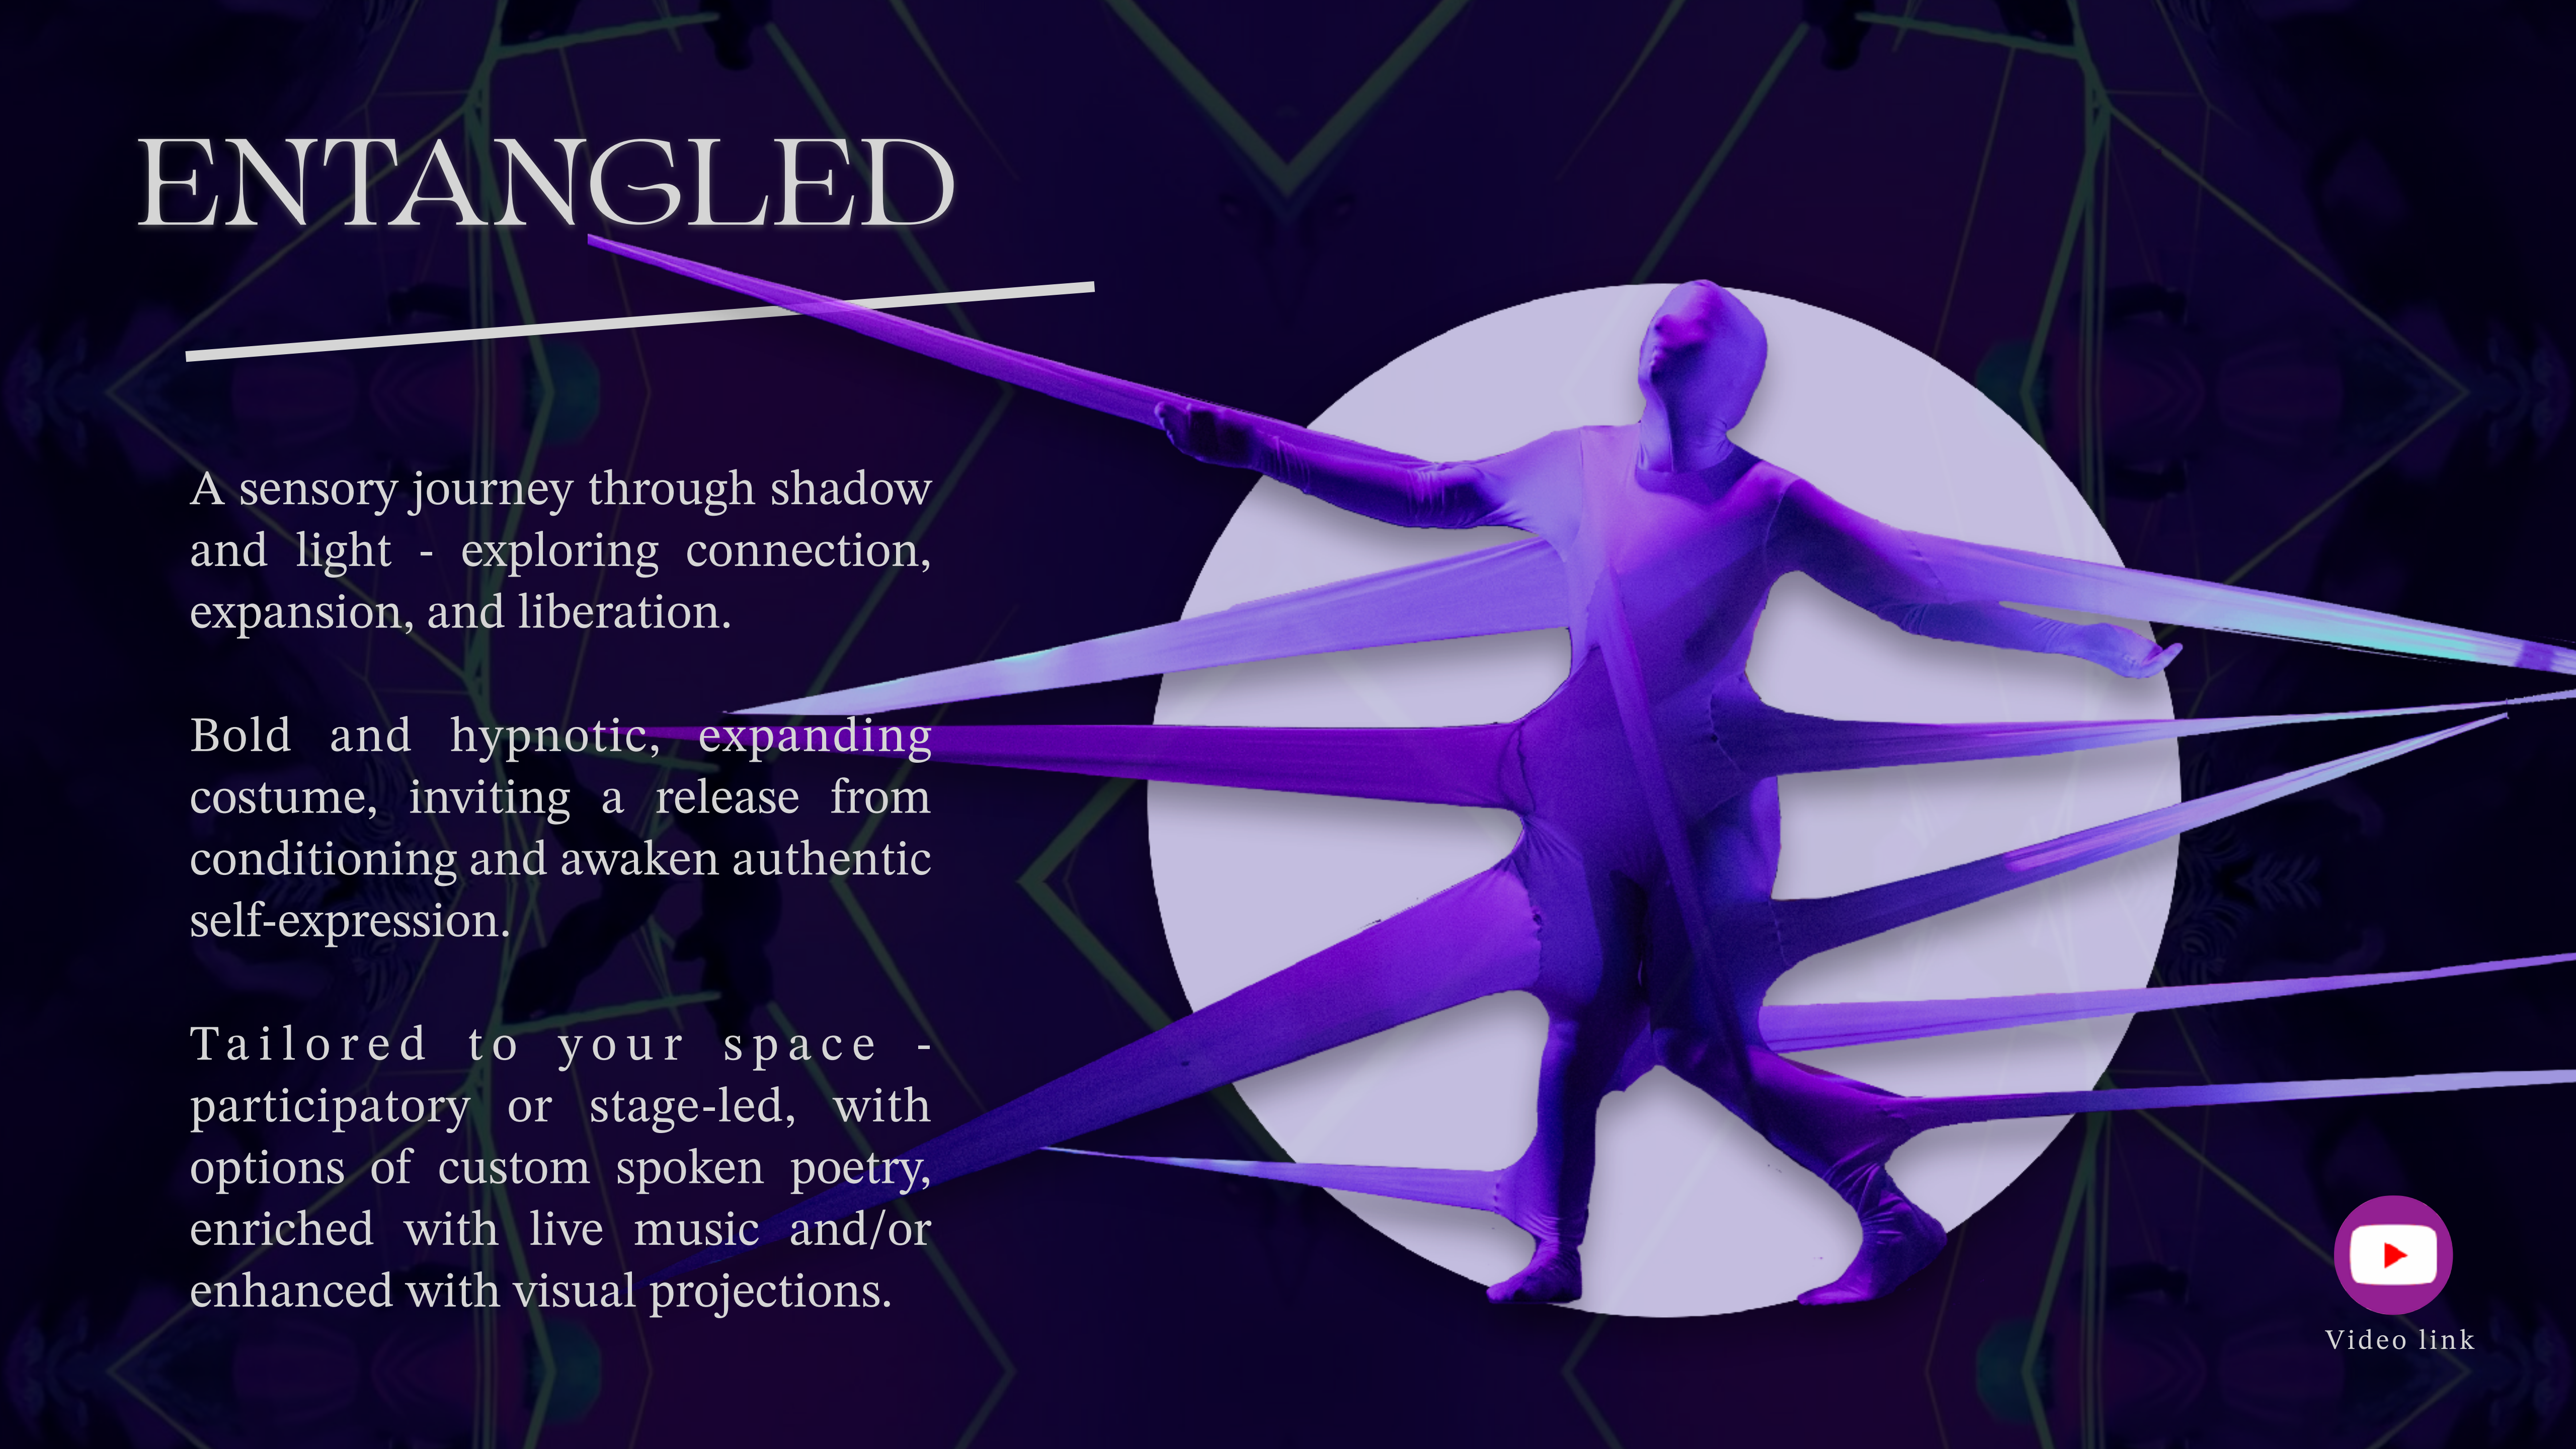

A shape-shifting performance inspired by the QUARK - the smallest indivisible particle of existence

From a single form, many emerge. Identify fractures, dissolves, and reforms, blurring body, illusion, and becoming.

A living study of transformation at its most essential state

ENTANGLED

A sensory journey through shadow and light - exploring connection, expansion, and liberation.

Bold and hypnotic, expanding costume, inviting a release from conditioning and awaken authentic self-expression.

Tailored to your space - participatory or stage-led, with options of custom spoken poetry, enriched with live music and/or enhanced with visual projections.

EMPTY SPACE

Emerging from the award-winning QUANTUM being, EMPTY SPACE is a choreographic exploration of the unseen

Enhanced by original sound and immersive lighting, amplified particles come alive within the invisible field of empty space.

A glimpse into the quantum field within the void.

QUANTUM & EYE

A roaming entity guided by the presence of the EYE(s), shifting through the crowd as a living field of attention and perception.

Captivating, curious, and impossible to ignore, it transforms ordinary encounters into moments of wonder

Available in Zebra, Blue, Galactic black and Candy colour (see photo).

MISCHIEFS

Playful, unpredictable beings that disrupt familiarity with humour, charm, and subtle chaos.

Unexpected, interactive, and full of character, they invite laughter, curiosity, and spontaneous connexion.

Video link

SOURCE

An elegant, magnetic presence embodying a feminine force of creation and flow.

Mysterious and captivating, she moves as a living source-field, drawing audiences into moments of connection, intrigues, and enchantment.

YIN & YANG

A dual embodied dance exploring mirrored forces in constant exchange.

Two beings move through tension and harmony, revealing the balance between opposites as a living choreography of transformation.
